Raising awareness of
the plight of women
and mothers with
children in addiction

#EUROBIKECHALLENGE

Hi there,

Our Area Manager, Gordon Cruden, is currently in the midst of a grueling 14,000-mile journey to help addicts on the road to recovery.

He is trying to complete the 'Euro Bike Challenge' – an attempt to cover 47 countries, across the length and breadth of Europe, by motorcycle in just 30 days.

The continent's roads have already thrown up an array of tests and trials, including falling landslides, pot-holes, ticket-happy Policemen and dangerously slippery surfaces.

He is still on target though to complete the Challenge in 30 days and we'd hugely appreciate your prayers for him as he continues to ride approximately 500/600-miles each day.

Gordon is using the initiative to highlight the plight of women in addiction and to raise money for the purchase of our female residential centre, Benaiah, near Mintlaw.

The Challenge marks the launch of a five-year campaign to raise the £500,000 required to buy the facility.

The centre – which allows mothers to continue living with their children while they complete the 48-week addiction recovery programme, Teen Challenge – is currently rented.

However, the purchase of the property would mean we could provide hurting women with residential support on a permanent basis.

The fundraising total currently stands at £162,000 which is incredible – a huge thank you to all who have so kindly contributed.

If you'd like to donate to the Benaiah campaign, please choose one of the options below.

Thanks again for all your support.
