# Risk Assessment Policy

## 1. Policy Statement

It is the Policy of Peterhead Baptist Church to ensure, so far as is reasonably practicable, that no employee, volunteer, visitor, contractor or other person is exposed to an unacceptably high level of risk from any of the property, equipment or activities undertaken, for which the church has a legal responsibility for mitigation. Any risks which cannot be mitigated to a tolerable level shall result in the area, task, activity or process not being carried out and must be re-designed or alternate means of operating decided upon.

1.1 In view of this commitment, Peterhead Baptist Church will:

- Provide an environment where risk is mitigated to an acceptable level for all employees, volunteers, visitors, contractors or others.
- Ensure compliance with the Management of Health and Safety at Work Regulations 1999, and all other relevant legislation and guidance.
- Undertake suitable and sufficient assessments of all workplace risks, through the application of a suitable risk assessment system
- Record the significant findings of these assessments
- Provide information on the outcomes of assessments to those involved in the process being assessed
- Provide suitable information and training to enable suitable risk assessments to be developed and implemented.
- Regularly review the risk assessment system, to ensure it is suitable and sufficient

## 2. Compliance

Compliance with the Policy is a mandatory requirement for all employees, volunteers and contractors working on behalf of Peterhead Baptist Church.

## 3. Review

This policy will be reviewed every three years or as required.
